

QEMETICA'S GROUP POLICY

INNOVATION

We want to gain a competitive edge with innovative solutions for industry, sales and distribution.

PEOPLE

We care about work safety and professional ethics, because people are our greatest potential.

SUPERIOR QUALITY AND PRODUCT SAFETY

We want our customers to receive only safe and fully qualitative products.

SUSTAINABILITY

We are constantly working to reduce our impact on the environment.

ADHERE TO LEGAL REQUIREMENTS AND STANDARDS

We comply with regulations, requirements, norms and standards, building the trust of our Employees, Customers and Suppliers.

QUALITY POLICY

Ensuring product quality and safety at every stage of the manufacturing process - from raw material to sales and distribution - is a top priority for us. The standards and practices adopted in the QEMETICA Group comply with legal requirements and current guidelines, which enables us to continuously improve. We are committed to innovation, which is why we are implementing digitalisation and automation in the Quality area, which allows us to improve our data-driven management process and, as a result, adapt even better to our customers' requirements.

HEALTH & SAFETY POLICY

Health and safety at work is one of the key elements of the QEMETICA Group's business strategy, through which we build responsible relationships with our employees and Stakeholders. We create a culture of safety through participation and consultation with employees in decision-making and actions. We raise Health & Safety standards throughout the value chain.

ENVIRONMENTAL POLICY

As a global chemical company, we conduct our business in a responsible manner. We combine a modern approach to business with the pursuit of sustainability and concern for the environment. We continuously work to minimise our environmental impact and strive for climate neutrality in terms of both direct and indirect impacts of processes in the value chain.
